SHOE CARE PRODUCTS

# Material Safety Data Sheet

## Hazardous Substance, Dangerous Goods

### 1. MATERIAL AND SUPPLY COMPANY IDENTIFICATION

**Product name:** STAIN REMOVER

**Recommended use:** Remove spots and stain from fabric surface.

**Supplier:** Shucare Malaysia Sdn Bhd

**Street Address:** No. 59, Jalan S2 C2,  
Green Technology Park,  
Seremban 2, 70300 Seremban,  
Negeri Sembilan, Malaysia.

**Telephone:** +606-6017529

**Facsimile:** +606-6017528

**Emergency telephone number:** +606-6017529 (9am – 6 pm, Monday to Saturday)

### 2. HAZARDS IDENTIFICATION

This material is Hazardous Goods.

**Hazard Category:**

Xn Harmful

Xi Irritant

**Risk Phrase(s):**

R36/38: Irritating to eyes and skin.

R43: May cause sensitisation by skin contact.

R65: Harmful: May cause lung damage if swallowed

**Safety Phrase(s)**

S24/25: Avoid with skin and eyes.

S36/37/39: Wear suitable protective clothing, gloves and eye/face protection.

S62: If swallowed, do not induce vomiting; seek medical advice immediately and show this container or label.

Classified as Dangerous Goods.

### 3. COMPOSITION INFORMATION

CHEMICAL	ENTITY CAS NO.	PROPOTION
White Spirit	-	30-60%
Medium aliphatic petroleum solvent (Mineral turpentine)	-	10-30%
Light aromatic petroleum solvent (Mineral turpentine)	-	10-30%

2- Butoxyethanol	-	1-10%
d-Limonene	-	1-10%
Non Hazardous ingredients	-	<u>1-10%</u>
		100%

#### 4.FIRST AID MEASURES

##### General Information

Seek medical assistant if discomfort continues

##### Inhalation:

Remove victim to fresh air. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume most comfortable position, keep warm. Keep at rest until fully recovered. Seek medical advice if effects persist.

##### Skin contact:

Wash contaminated skin with plenty of water and soap. Remove contaminated clothing before reused. Seek medical attention in event of irritation.

##### Eye contact:

Rinsed immediately with plenty of water. In all cases of eyes contamination it is a sensible precaution to seek medical advice.

##### Ingestion:

Rinse mouth with water. If swallowed, do NOT induce vomiting. Give a glass of water to drink. Never give anything by the mouth to an unconscious patient. If vomiting occurs give further water. Get to a doctor or hospital quickly.

##### Symptom

Until now no symptoms known so far.

##### Notes to physician:

Treat symptomatically.

#### 5. FIRE MEASURES

**Specific hazards:** Flammable liquid. Avoid all ignition sources. All potential sources of ignition (open flames, pilot light, furnace, spark producing switches and electrical equipment etc) must be eliminated both in and near the work area. Do NOT smoke.

**Fire fighting further advice:** Heating can cause expansion or decomposition leading to violent rupture of containers. If safe to do so, remove containers from path of fire. Keep containers cool with water spray. On burning may emit toxic fumes. Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapour or products of combustion.

**Suitable extinguishing media:** If material is involved in a fire use water fog (or if unavailable fine water spray), foam, dry agent (carbon dioxide, dry chemical powder).

#### 6. ACCIDENTAL RELEASE MEASURES

##### SMALL SPILLS

Wear protective equipment to prevent skin and eye contamination. Wipe up with absorbent (clean rag or paper towels). Allow absorbent to dry before disposing with normal household garbage.

##### LARGE SPILLS

Wear protective equipment to prevent skin and eye contamination and the inhalation of dust. Work up wind or increase ventilation. Cover with damp absorbent (inert material, sand or soil). Sweep or vacuum up, but avoid generating dust. Collect and seal in properly labelled containers or drums for disposal.

**Dangerous Goods – Initial Emergency Response Guide No:** Not applicable.

## 7. HANDLING AND STORAGE

**Handling:** Avoid skin and eye contact.

**Storage:** Store in a cool, dry, well ventilated place and out of direct sunlight. Keep containers closed when not in use - check regularly for spills.

This material is classified as **Dangerous Good Class 3 Flammable Liquid** must be stored, maintained and used in accordance with the relevant regulations.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Personal protection equipment:** OVERALLS, SAFETY SHOES, SAFETY GLASSES, GLOVES.

Wear overalls, safety glasses and impervious gloves. Available information suggests that gloves made from nitrile rubber should be suitable for intermittent contact. However, due to variations in glove construction and local conditions, the user should make a final assessment. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storing or re-using.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

**Form / Colour / Odour:** Colourless liquid.

**Solubility:** Insoluble in water.

**Specific Gravity (20 °C):** N Av

**Relative Vapour Density (air=1):** N Av

**Vapour Pressure (20 °C):** N Av

**Flash Point (°C):** N Av

**Flammability Limits (%):** N Av

**Autoignition Temperature (°C):** N Av

**Melting Point/Range (°C):** N Av

**Boiling Point/Range (°C):** N Av

**pH:** N Av

(Typical values only - consult specification sheet)

N Av = Not available

N App = Not applicable

## 10. STABILITY AND REACTIVITY

**Chemical stability:** No information available.

**Conditions to avoid:** Avoid potential sources of ignition.

**Incompatible Materials:** Incompatible with oxidising agents and acid.

**Hazardous decomposition products:** No information available.

**Hazardous reactions:** No information available.

## 11. TOXICOLOGICAL INFORMATION

No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or effects that may arise if the product is mishandled and overexposure occurs are:

**Inhalation:** Material may be irritant to mucous membranes and respiratory tract. Inhalation of vapour can result in headaches, dizziness and possible nausea. Inhalation of high concentrations can produce central nervous

system depression, which can lead to loss of co-ordination, impaired judgement and if exposure is prolonged, unconsciousness.

**Skin contact:** Contact with skin may result in irritation. Will have degreasing action on the skin. Repeated or prolonged skin contact may lead to irritant contact dermatitis.

**Eye contact:** May be an eye irritant.

**Ingestion:** Swallowing can result in nausea, vomiting and central nervous system depression. If the victim is uncoordinated there is greater likelihood of vomit entering the lungs and causing subsequent.

**Long Term Effects:** Excessive chronic absorption of ethanol by inhalation or ingestion can result in liver injury.

## 12. ECOLOGICAL INFORMATION

Avoid contaminating waterways.

**Ecotoxicity:** No information available.

**Persistence and degradability:** No information available.

**Mobility:** No information available.

## 13. DISPOSAL CONSIDERATIONS

Refer to State/Territory Land Waste Management Authority.

## 14. TRANSPORT INFORMATION

<b>UN No:</b>	1993
<b>Dangerous Goods Class:</b>	3 Flammable Liquid
<b>Packing Group:</b>	II
<b>Other Special requirement:</b>	None

## 15. REGULATORY INFORMATION

**Poisons Act (Mal):** Not applicable

## 16. OTHER INFORMATION

The information contained in Safety Data Sheet is based on our present state of knowledge and experience and it provides guidance on health, safety and environmental aspects. We do, however pass them without any warranty or property assurances
